Frames, trims and intradoses made of waterproof MDF

### GENERAL DEFINITION OF PALLET

- Quantity: **25 doors**. **THE INDICATED PRICES APPLY WHEN PURCHASING ONE OR MORE PALLETS**
- Comprising **only single hinged and/or single pocket sliding** doors with conventional dimensions **2100 x 600 / 700 / 800 / 900**  
**NB: no** doors other than the single hinged and pocket sliding versions (e.g. double hinged, folding, external sliding doors, etc.) **can be added to the pallets, whether standard or mixed**, and no sizes other than 2100x600-700-800-900 or different hardware to that specified below can be added.
- Hardware for single hinged door: **pivot hinges and mediana magnetic lock in the patent and/or toilet version** (glossy brass and/or satin-finish chrome finish). The same pallet may contain different lock types or hardware finishes.
- Hardware for single pocket sliding door available with either **recessed handles and/or closing kit of the Mini-Scivola range** (glossy brass and/or satin chrome finish). Both the type and finish of the hardware may differ on the same pallet.

#### DEFINITION OF STANDARD PALLET

(all the following conditions must be satisfied)

- General conditions of the definition of pallet (N.B.: a standard pallet may contain both hinged and sliding doors together)
- Same model for all doors, 25 x 1L doors or 25 x 1LV doors
- Same wood finish for all doors
- Same conventional dimensions H x W with same or different wall thickness

**E.g.:** 25 x 1L doors, all white, 2100x800 hinged

**E.g.:** 25 x 1L doors, all white size 2100x800, 20 hinged and 5 sliding

**E.g.:** 50 x 1L doors, 25 white doors size 2100x800, 25 magnolia doors size 2100x700

#### DEFINITION OF MIXED PALLET

- General conditions of the definition of pallet
- Solution not referable to a standard pallet

**E.g.:** 24 x 1L doors size 800 and 1 x 1L door size 700 same or different colours

**E.g.:** 25 x 1L doors, 5 magnolia and 20 white, same conventional dimensions

**E.g.:** 25 x 1L white doors, different conventional dimensions

**OUTSIZE DOORS:** only for quantities > 25 doors can loose doors be added, at the price of the "outsize" doors.

**E.g.:** 58 x 1L doors, all white, 2100x800 hinged: 50 doors price of the standard pallet + 8 doors price of the non-standard size doors

**N.B.:** if the ordered doors cannot be grouped into one or more pallets arranged with the above-mentioned criteria, the price applied to loose doors will be considered.

**N.B.:** pocket sliding doors **on pallets** are not subject to the relative additional charge for the sliding version. The price of the **sliding door on pallet** is made up of the basic price of the door on pallet (*standard, mixed, extra*) + the additional charge for Mini-Scivola hardware (*recessed handles or kits*).
